REASON FOR CHALLENGE: Electioneering by candidates
Eligibility of Voter

Please state the facts for your challenge.
(max 500 words)

The challenge I have is based on the eligibility of voters at our election on 5/10/14. Attached is the information retrieved from the trash bin at 4712 W. Adams Blvd on Sunday May 11,2014. As you can see the letter from Bright Star School, does no meet the requirements for a WANC Stakeholder, and provisional ballot envelopes were destroyed. Was this person with the Lancaster address allowed to vote using another address? Looking at the items retrieved from the trash there were a series of violations during the voting process; another issue is that there were candidates outside at the registration tables talking and assisting with the Bright Star School voters; as stated by a election poll volunteer. Some if not all of the items have been given to you for review by others making this challenge, but I will attach them to my challenge also.

Please state your desired remedy. (max 100 words)

The only remedy for this violation of eligibility of voter is for DONE to remove all voters using the said letter, qualify for a stakeholder, and have a recount of the vote.
